

MC 2C

Professional spray equipment with improved performance

Convenient rear storage compartment for easy access and sturdy containment of the detachable combination foam cannon and 2.5-liter solution tank.

Automatic Start/Stop feature starts and stops the motor when the spray trigger is engaged or released - reducing noise during pauses and lowering pump wear and tear.

Smart, ergonomic construction and design with a convenient detachable sprayer-tank allows for increased range of mobility and greater ease of use.

The ideal machine for everyday cleaning is now even better

The Nilfisk MC 2C product line was initially designed with the small business owner and private user in mind. From small, hobby-farm maintenance, to ATV (all-terrain vehicle) clean-up to private horse stable cleaning, the MC 2C has always delivered outstanding pressure-washing results.

However, there's always room for improvement. So we have greatly improved the effectiveness and efficiency of the MC 2C line in areas where it matters most: the machine's pump and its overall user operation.

Primary MC 2C features and benefits include:

- **Automatic Start/Stop function** for noise reduction and less pump wear and tear
- **Waterflow regulation** for faster adjustment
- **Adjustable transport handle** for easier transport and handling
- **Ergonomic design** for reduced operator strain
- **Ergo 2000 Gun** for improved handling and less strain
- **Longer DN6 15-meter steel reinforced high-pressure hose** (on XT model) for greater extension
- **Detachable foam cannon and 2.5-liter tank** for increased mobility and range of use
- **New FlexoPower Plus Lance with a high-pressure nozzle** for improved low pressure spray patterning
- **Attached hose reel-and-guide** for faster more convenient job start-up and completion
- **4-in-1 lance** (on XT model) for optional spray functionality at the turn of the wrist
- **Hose reel & lance holder** for easy transport, storage and use
- **Convenient cable hooks** for fast power cable storage and release

Models and specifications

MC 2C

- Universal foam sprayer with 2.5-liter tank
- Ergo 2000 spray gun
- Automatic Start/Stop function

MC 2C XT additional features

- 4-in-1 lance
- 15-meter hose
- Hose-reel guide
